

TITLE

10 BLENDS OF POLY(ALPHA-METHYLENE-GAMMA-METHYL-GAMMA-
BUTYROLACTONE-co-GLYCIDYL METHACRYLATE) AND
5 POLYPHENYLENE SULFIDE POLYMER, ARTICLES THEREFROM,
AND PREPARATION THEREOF

ABSTRACT

10 This invention discloses blends of copolymeric compositions with
repeat units of glycidyl methacrylate and alpha-methylene-gamma-methyl-
gamma-butyrolactone with polyphenylene sulfide (PPS). This invention
further discloses a process for improving mechanical properties of PPS.
